JAMES ANDRE A. OBISPO

Iba, Zambales | jamesobispo12@gmail.com | +63 927 777 7395

PROFESSIONAL SUMMARY

Fourth-year Bachelor of Science in Information Technology student at President Ramon Magsaysay State University with hands-on experience in full-stack web development using PHP, JavaScript, and MySQL. Developed and deployed a web-based barangay management system with biometric authentication, online document requests, and user access control as a capstone project. Completed freelance projects including a website and a VB.NET point of sale system. Familiar with basic network analysis using Wireshark and IP address lookups using IPinfo CLI. Seeking On-the-Job Training in IT support, networking, or software development.

EXPERIENCE

Full Stack Developer, Barangay Sta. Barbara Management System **January 2026 – Present**
PRMSU Capstone Project, Barangay Sta. Barbara, Iba, Zambales

- Created an online portal where residents of Barangay Sta. Barbara can register and request clearances and certificates.
- Coded the user pages and server-side logic in PHP, using AI tools to speed up work and checking each output before use.
- Published the system on the web and tracked all code changes in a shared GitHub repository.
- Evaluated system quality against ISO/IEC 25010 criteria and through user acceptance testing.

Freelance Developer, Commissioned Projects **2024 – Present**
Iba, Zambales

- Built a website for a client based on their content and design requirements.
- Developed a Point of Sale (POS) desktop application in VB.NET for recording sales transactions.
- Gathered requirements from clients, made revisions based on feedback, and delivered working projects.

EDUCATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY **Expected August 2027**
President Ramon Magsaysay State University, Iba, Zambales
Relevant Coursework: Information Assurance and Security, Networking, Advanced Database Systems, Systems Integration and Architecture, Applications Development and Emerging Technologies

CERTIFICATION

Introduction to AI Literacy and Responsible Use **September 2026**
Mapua University with CHED, ACHIEVE Micro-credentials Program (Credential ID: ZAZJD66RGZA7X)

SKILLS

- **Technical:** JavaScript, MySQL, HTML, CSS, PHP, Python, GitHub, Git, VB.NET.
- **Networking (Basic):** Wireshark (capturing packets, applying simple display filters), IPinfo (looking up an IP address's location, ISP, and network owner)
- **Software Testing:** System testing, user acceptance testing
- **AI Tools:** AI coding assistants (Claude Code, Omniroute, Gemini), AI-assisted development
- **Soft Skills:** Collaboration, critical thinking, time management, adaptability, clear communication
- **Languages:** English, Filipino
